QUICK REFERENCE GUIDE

Gadget Sidebar

The Gadget Sidebar is a vertical bar that runs down the right side of your phone. It contains quick launch icons for one-touch access to the most commonly-used phone applications and features. The Gadget Sidebar may contain the icons illustrated in the table below.

Application/Icon		Function
**	Call History	Use the Call History application to display lists of the calls that you have missed, made, and answered. This feature allows you to filter the call records and display information on each call in the list.
	Voice Mail	Use the Voice Mail application to login and logout of voicemail boxes, and review messages.
<u>@</u>	People	Use the People application to add, delete and edit contact names and numbers. You can also dial anyone on your contact list from the People application. The People window displays up to eight contacts per page, ordered alphabetically by last name.
	Call Forwarding	Use the Call Forwarding application to enable or disable Call Forwarding Always, and to view and modify default Call Forwarding settings.
	Backlight	Turns the backlight off.
?	Help	Displays Help on the 5360 IP Phone.
	Phone/Home	Returns the display to the main menu.

Touch Screen Setup

Calibrate the phone screen for touch accuracy. Turn on the button beep to receive an audible tone that indicates you have engaged the icon or button. See the procedures below.

Calibrating the Phone Screen

Press Applications

Press Settings

Press Calibrate Display
